The Tropez apron is a cross-model, used as a trump card in many sectors. It is made of 100% polyester combined with two different types of contrasting fabric: a synthetic leather for neck and waist laces, and an alcantara fabric for the finishes of the bib, the pen pocket and the central one. It features an adjustable halter, characterized by an antiqued brass ring and a matching hook, pockets and laces fixed with bar tacks and contrasting double stitching. Tropez is available in light grey, beige, brown and in the new burgundy option.
