GRS Standard
PET bottles are recycled into new fashion. Plastic bottles are crushed, melted down and spun into new yarns, some of which are used in production up to 100%. The Global Recycled Standard (GRS) stands for independently verified recycled materials, transparent supply chains and fair, environmentally friendly and health-conscious production conditions.

Sugenro® GRS Insulation
Sugenro® GRS Insulation is an innovative premium insulation product made from 100% recycled PET-bottles. Modelled on down, Sugenro® GRS Insulation is a soft, high-quality filling with a low weight and outstanding properties in terms of thermal behaviour, durability and breathability. The GRS certification confirms compliance with the highest ecological and social standards. Sugenro® GRS Insulation helps to reduce waste and greenhouse gas emissions, conserve natural resources and promote a circular economy.
